Letter from LaGrande

LA GRANDE, UNION CO., April 27, 1866.

EDITOR OREGONIAN:

The canvass was opened in this county last night by Mallory, Fay, Lane and others. All parties assembled at the O. K. Hall and for one hour were pleased, entertained and edified with the manly, earnest and thoroughly Union speech of Hon. Rufus Mallory, the Union candidate for Congress. He appealed (and not in vain) to every Union man to stand by the Union party, to act, to vote and to sustain only those who had been true to the Government in the hour of peril, that the safety, honor and dignity of the nation demanded a firm adherence to the principles of liberty and equal justice to all men. Every sentiment he uttered met a response in every loyal heart that will answer back in unmistakable terms upon the fourth day of June next and give the lie to the base slander that the "Joneses" will carry this county.

He was followed by Fay, Democratic nominee for Congress, who in his bar room style labored very hard to show that he had been always loyal to his country, also to show how bad he wanted to go to Congress. Fay was followed by Lane who, upon taking the stand, told us (after the style of old Jo.) about his honor and his fidelity to his country. He said his honor was his country, and his honor was his life; if he lost his honor he lost his life; that he had been taught it by one who had shed his blood in the defence of his country. [Wonder if his brother John, C. S. A., had been educated in the same school?] He then read an extract from a speech he said he made in the Legislature last winter upon taxing U. S. Bonds, after which infliction he subsided. He was followed by M. Baker, Esq., of this place, in a speech so withering and sarcastic that I have no doubt many a rebel who sat before him thought of the days of Price's defeats. J. H. Slater, the Democratic candidate for Prosecuting Attorney for this district, took the stand and preached a sermon on his idea (which, by the way, I believe is his own) of constitutional government—it being a cross between the ideas of Jefferson, Calhoun and Jeff. Davis, with the application of the latter.

At the close about fifteen or twenty boys and Democrats, with a torch or "transparency" in each hand, so as to make a big show, formed in broken lines and marched scatteringly to the Democratic Head Quarters, [illegible] the only whisky mill in town, where they were shortly joined by the Hon. J. D. Fay.

After sundry drinks and hearty congratulations (inspired by whisky) over the victories to be won in June next, the animal, or rather "cross" that Nesmith more particularly described, proceeded by an admixture of choice oaths and billingsgate uttered in that peculiar bravado and happy style so appropriate to bar-rooms, to declare that he could whip almost anybody, more especially some one who had to a very small extent disturbed the speaking. The act deserved rebuke, but the manner, the language, time, place and circumstances of administering it, would have been chosen by a "road agent," rather than by a gentleman, by a person asking to be placed in the position of a representative of the people of Oregon in the Congress of the United States. Fay's friends here feel humiliated, and seek to palliate the act by saying he was drunk. I shall not say so, but think it is the most charitable construction that can be put upon his behavior; but enough of Fay.

Our county ticket is filled with good, honest, capable Union men. Of the Democratic ticket I will say this: the man who heads the ticket for Representative, last spring went howling drunk through our streets cheering for Jeff. Davis, and the man whom they have nominated for County Judge spells con "kon," and calf "kaf;" so you may judge of the balance of the ticket. These are the antecedents of the Democrats who are asking the suffrages of the people of Union county. But Union county will see that the name of the county shall not be disgraced, and will place herself on the side of freedom, and of "equal and exact justice to all." UNION

The following letter dated New York, March 21st, was received here several days ago, but got accidentally mislaid. We publish, now, only such portions as relates to matters here:

THE OREGON MINT—THE WRONG CUSTOMER.

I have just learned from a truthful authority, what means some of your Dalles neighbors resort to occasionally, for the purpose of finally securing the location of the Mint at their town.

Not long since, a prominent citizen of the latter place wrote a letter to Mr. Henderson, Member of Congress from Oregon, in which the writer expresses himself greatly in favor of the early and permanent location of that money coining institution at the Dalles, enclosing in the same letter a deed for two town lots in that town to the Hon. member "free gratis for nothing;" but to the credit of Mr. Henderson, he immediately returned the gift to the donor, looking upon it as a bribe to guide his action according to the wishes of the writer of the letter. (I enclose the name of the Dalles man alluded to, but do not wish the same published for the reason that the gentleman otherwise has been an upright sort of a person.—Cor.) This will show you to what straits your Dalles friends have already put themselves to accomplish their object, but I think it will be of no avail. The bill now in the House locating the mint at Portland, instead of the former place, is likely soon to pass both houses.

OREGONIANS AND IDAHOANS AT BALLS AND PARTIES.

Your readers must not imagine that their friends, hailing from Oregon and Idaho and at present sojourning in this city, are but seldom heard or seen in places of amusement or pleasure. Oh, no! just the contrary is the fact. Wherever there has been a social gathering, prominent ball or other like amusement in the metropolis this season, you were sure of finding among the participants a number owing allegiance to the "Web-Foot Nation." Besides they never seemed at all backward. The way they usually made the stamps fly was a caution. A few days ago the hostess of some of your Portland citizens gave a *bal masque* here at their private mansion in honor of a number of gentlemen from Oregon and Idaho, to which I had the honor of receiving an invitation, so, on the appointed evening I just dropped in to see how matters are done on such festive occasions. The large double parlor was splendidly illuminated from the magnificent chandeliers, unlike anything I ever beheld. The rooms were well filled with ladies and gentlemen, some of whom appeared in fancy costume and others in the accustomed ball dress worn by the elite of this city. Mr. B. B. P. attracted considerable attention owing to his humorous dress as a contraband boot black. W. R. D. of Owyhee was the observed of all observers, owing to his magnificent dress, i. e., claw hammer coat, white Marseilles vest, black pants and white kid gloves, besides his gallant attentions to the fair sex, for which he is so proverbial, could not be lost sight of. W. B. C. of Idaho performed his part as floor manager to perfection. Did I not fear to intrude upon the modesty of a number of other prominent citizens of yours I would criticise them in their respective spheres, as they appeared on the eve in question. The viands and delicacies with which the table was laden were of a superior quality. On the whole, the above named *bal masque* was a finely got up affair, and the boys danced all night till broad daylight and did not go home till morning.

THE NEW GOVERNOR OF IDAHO.

Of the reasons which induced the President to remove Governor Lyon of Lyonsdale from office in Idaho, I am unable to speak, with the exception as rumored that there had been some discrepancies in his accounts with Government as superintendent of Indian affairs in the Territory, for the truth or falsity of which I am unable to vouch. One thing is certain, that for the past ten months the President has been nearly bored to death with petitions as well as personal applications from numerous persons for the appointment of governor of Idaho. But so conflicting were the representations of the different cliques controlling the destinies of that Territory as regards the qualifications of the applicants resident of Idaho, that the President was considerably perplexed as to whom to bestow the boon upon and not offend the majority of his constituents, and actually deferred making an appointment for months. He finally selected Dr. Ballard of Linn county, Oregon. The Dr. needs yet the confirmation of the Senate before receiving his commission. He has the reputation of being a good legislator and a practical man. It is to be hoped he may meet with success in his new sphere.

CHIEF JUSTICE OF IDAHO.

I also learn that the Hon. Geo. L. Woods, of the Dalles, has received the appointment of Chief Justice of the above Territory, vice Hon. John R. McBride [Judge Smith] resigned. The appointment needs yet the confirmation of the Senate.

ERRORS OF NEW YORK CORRESPONDENTS.

The OREGONIAN of the 2d ult. copies an item from the *Alta's* New York correspondent, as follows:

> The new work [illegible] building by Messrs. Lawrence & Foulks for Ben Holladay's line between San Francisco and Portland, Oregon, is 3,000 tons burden, 280 feet in length, 42 feet in breadth, and 21 feet in depth. Her engines are in process of construction at the Allaire Works. She will cost about $600,000.

The foregoing is no doubt an error. The Holladay Company has, at present, no steamer building on the stocks at any of the yards in this vicinity. Messrs. Lawrence & Foulke have a steamer of the above description on the stocks, building for the Messrs. Ladd & Bradford, as already noticed in a former letter to the OREGONIAN. The steamer is at present in such a forward state of completion, that the builders expect to have her ready to launch by the middle of April.—[The *Oregonian* was launched April 14th.—ED. OREGONIAN.]

The individual who wrote that letter to the *Oregon Statesman* must evidently have imbibed a little too much of Tilton's Whiskey, or must have got hold of the wrong bottle, on the day the Metropolitan Police Force paraded the streets, for I perceive in the above paper, in describing the parade, he mentions the number of men marching in procession as 10,000, all armed with muskets. Now the truth about the matter is, the total force of the Metropolitan police consists of some 2,000 men, half of whom were on duty at the time of the parade, and none carried muskets.

WHO ESTABLISHED NEGRO SUFFRAGE IN WISCONSIN.—The Democratic party at the present time is in mortal terror at the bare thought of negro suffrage. It has been recently decided that negroes have the right to vote in the State of Wisconsin—this right having been expressly granted by a vote of the white people of that State in 1849. The Democracy censure in the severest terms, this decision of the Supreme Court of Wisconsin. Now we desire to remind them that in complaining about this thing they are merely finding fault with their own work. In 1849 the State of Wisconsin when the Democratic party was in power there, *deliberately voted to give the elective franchise to the blacks.* From the date of its admission into the Union until the year 1856, Wisconsin uniformly voted the Democratic ticket. Cass carried the State in 1848, and Pierce carried it in 1852. Negro suffrage was established between these dates (in 1849) and was therefore the work of the Democratic party. Here, Democrats, is your record in favor of negro suffrage. You would vote for it then, but you have a horror of it now. Of course even "Democracy is eternally and unchangeably the same."

A DOWNRIGHT INSULT.—A good many Democrats argue against the civil rights bill by indignantly asking whether white men "want their sisters and daughters to marry negroes?" We shall try to think better of the sisters and daughters of Democrats [illegible] think, or say, or do) than to suppose that they will desire to form [illegible] alliances with negroes. We should be sorry to think that these ladies have been restrained from taking black [illegible] only by the laws; or that now, since all persons have equal rights before the law, these same ladies will look with disfavor on young gallants of Caucasian blood, and transfer their [illegible] and affections to the dusky sons of Africa. We fear that some of the Democrats who are talking about this thing are jealous of the negroes, fearing them as rivals. Can you not see how unjust you are toward the fair in harboring these unworthy [illegible]

The [illegible] caught the spirit of the *Herald* [illegible] Hawkins, and is denouncing him at a terrible rate. There is no occasion for surprise at this. Didn't you a year or two ago give utterance in such elegant and refined expressions as "Beast Butler," "Butcher Grant," [illegible] etc.? and can you not in all consistency with your past conduct apply [illegible] your terrible epithets [illegible] Union soldier you hear of? [illegible] that the *Confederate Democrat* is the journal which congratulated "Col. John [illegible]" on his escape from Abolition bullets and his return to Oregon, and which complimented him as having risen to high rank through "his meritorious services" in behalf of the rebellion. We don't expect a paper which thus praises a rebel soldier to do otherwise than vilify men who have fought for their country.

The New York *Herald*, [illegible] from which the *Oregon Herald* [illegible] its cue, asks: [illegible] The Civil Rights bill[illegible] [illegible] the Democracy think so ill of their daughters, as to suppose that they will intermarry with negroes. He evidently judges what they will do from his own [illegible] and inclinations. We cannot think that the intelligent and [illegible] which the Democratic papers are assiduously heaping upon them, to the effect that [illegible] laws to prevent it, they will throw themselves depravedly into the embraces [illegible]. Such an imputation should blister the tongues of the detractors of our women.

The *Courier* illustrates the Democratic contempt of common school learning by spelling "school" [illegible] SCOOL. We [illegible] a few other curiosities from this sturdy Democrat: "acknolidge," "politikal," [illegible] "Madison," Fanuil Hall, Collector Adams *was* robed, itself. It was the wish of 2 thirds of [illegible] imitation of Nasby [illegible] Boots, *hose* and Gaiters, Washington, the name we have—that of DEMOCRACY, A spirited time will be had.

We notice that the *Review* publishes the President's recent speech at the negro celebration at Washington, but fails to publish the little colloquy between the President and a negro, wherein his Excellency was completely nonplussed by a single remark from the representative of the "inferior race." It's a pity, Tony, to spoil so good a story by breaking it off in the middle. Tell it all, even if it does raise a laugh against you.

JOHNSON.—We have found one place where the new Johnson party is most decidedly ahead. The Boston *Traveller* reports the result of the town election at Nahant as follows:

Moderator—David Johnson; Town Clerk—A. D. Johnson; Selectmen—[illegible] W. H. Johnson, E. B. Johnson, C. Harvey Johnson; Treasurer and Collector—W. W. Johnson; School Committee—Franklin E. Johnson, Walter Johnson; George L. Johnson was also appointed a Constable.

Our friend and former partner in the *Review*, C. H. Miller, has been [illegible] by the [illegible] of Grant county for County Judge. We hope he may be elected, of which there is no doubt.

Now, does anybody else doubt that you hope so. But Grant county will hardly fulfill your very earnest hope.

State Items

The O. S. N. Company have changed the days of departure of their boats from Celilo, up the Columbia. The boats now leave on Tuesdays, Thursdays and Saturdays.

We learn that the steamer *Union* now plying on the Yamhill river has gone into the hands of the P. T. Co., as part of the stock of the Company.

Albert W. Gray, of Astoria, has received an appointment to a vacant place in the U. S. Naval Academy at Annapolis.

The *Gazette* of April 30th states that Co. "B" 14th U. S. Infantry, Capt. Henton, came over from Cape Disappointment on Monday, *en route* to Vancouver, thence to the country east of the mountains, for the purpose of joining in the campaign against the Indians.

The Pilot Commissioners are about to license a full set of Bar Pilots, at the mouth of the Columbia river bar including two or three of the old ones and one or two new ones.

[DISPATCHES TO THE OREGONIAN.]

DATES TO APRIL 30.

A Bold Robbery.

CHICAGO, April 30.—About three o'clock yesterday morning six burglars entered the residence of Cashier Harrison, of the National bank, at Cadiz, Ohio, bound and gagged the cashier and compelled him and his wife to deliver up the keys of the bank and safe. Proceeding thence to the bank they effected an entrance and robbed the safe of $300,000 in U. S. bonds, and about $5,000 in deposits. After locking the watchman inside, they made good their escape on a hand car, after cutting the telegraph wires.

The Prussian and Austrian Difficulty.

WASHINGTON, April 30.—The State Department yesterday received positive advices to the effect that the difficulties between Prussia and Austria will find a peaceable solution. The report comes from the highest authority in the French capital.

Congressional.

Senator Morrill's bill dissolving the present municipal government of Washington, and substituting a Board of commissioners, will probably be reported to the Senate this week. A significant feature of the bill is, that the power to appoint commissioners is vested in the Supreme Court of the District. Four members of that body, it is understood, oppose the President's policy.

WASHINGTON, April 30.—There has been a careful canvass to ascertain the feelings of Congressmen relative to the report of the reconstruction committee, and it may be stated that although there is some disappointment manifested, the Republican members, with hardly any exception, are willing to accept the propositions of the committee, which are submitted as amendments to the Constitution. Sumner is disposed to support them, though he objects to the terms of the act for the admission of the States. It is understood that Bingham, believing the act as reported will put it in the power of a few States to prevent the restoration of others, urged upon the committee the following as a substitute:

Whenever any State lately in insurrection shall adopt these amendments and conform its constitution and laws thereto, it shall be entitled at once to Senators and Representatives in Congress, provided they shall be duly elected and qualified, and can take the oath.

It may be considered certain that in addition to the above, various other amendments will be offered in both houses, when the question comes up for discussion. The report was introduced in Congress to-day; it is intended to press it to an early vote, though a reasonable amount of debate will be allowed. Should it be passed by the requisite two-thirds, a resolution will be presented requesting Governors to convene the State legislatures in extra session for the purpose of ratifying the amendment. A Democratic member of the committee, yesterday submitted the plan as agreed on to the President. Johnson thought it was a practical denial of the negro suffrage issue, while on the other hand it virtually assumed the unconstitutionality of the civil rights bill by proposing to incorporate it in the Constitution.

Foreign News.

NEW YORK, April 29.—The steamer *Hermann* from Hamburg via Southampton, April 18th, has arrived at quarantine, all well, but she has to fumigate. Consols closed at 86¼@86⅜ for money; five-twenties 68½@69¼. The Liverpool cotton market is firmer. Prices one-half to one penny higher for American. The *Times'* city article says: "Confidence is completely destroyed. The only chance for a turn in the market would be from the actual commencement of war on the continent, and a change at once of the current of attention." The news from Germany is less threatening. The Vienna dispatch says, however, that the state of affairs continues very serious. The minor States are preparing a declaration for the Federal Diet, and will refuse to take the [illegible] motion for a reform of the Constitution in consideration before the great German powers have mobilized. Wurtemburg, Baden and Bavaria have forbidden the exportation of horses. The *Independence Belge* says the overtures being made will have the effect of settling the question of armaments and thus of war.

A volunteer corps will be formed at Pesth. Austria, Bavaria and Saxony have offered to carry out the plans of the constitution. Rumors of Bismarck's resignation were heard at Hamburg, but not credited. The Cobourg *Gazette* states that Austria has reiterated her previous denial of the assertions about her armaments, and insists on the demobilization of the Prussian troops, in order to confirm the pacific declarations of Prussia.

The stowing away of the Atlantic cable in the tanks of the *Great Eastern* is progressing. The laying of the cable will commence in July.

The *Times* says the more the Franchise bill is discussed over by its best friends, the more it loses that body and ability it might have had credit for.

An attempt was made to assassinate the Czar of Russia but the bullet missed its aim.

A letter from Bordeaux notices the arrival in that port of the English screw steamer *Henrietta*, said to be intended for Chilean service. She is commanded by Capt. Hunter Davidson, ex rebel officer, who served on the *Merrimac* in Hampton roads. The majority of her officers have also been engaged in the late Confederate navy. The vessel was being made ready for sea and her presence caused a good deal of comment.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, May 2.—No Eastern news to-day.

Augustus M. Heslep has commenced suit in the Fourth District Court against John Center, to recover $2,000, the value of two lots which he alleges are due him from the [illegible] for legal services rendered.

A. B. Mercer, of the *Continental*, has filed answers in the suits of J. W. Balch and Emily Thorn, in which he denies each and every allegation in the complaints.

Gold and Legal Tenders.

The telegraph reports a small decline in gold in New York. The quotation April 30th was 128. Sterling exchange 109½. Legal tenders have accordingly gained strength. The brokers commenced buying this morning at 75, but at the close they are paying 79 and selling at 79½. At the board there was a sale at 79¼.

Mining Share Market Demoralized.

The mining share market seems to be getting badly demoralized. Prices of nearly all stocks are running down. Ophir continued to be the centre of attraction. The sales reach upwards of 100 feet at a decline of $112 50 from the morning board yesterday. Other stocks sympathized to some extent. Chollar Potosi fell $20, Yellow Jacket $45, Imperial $7, Overman $3, Confidence $2, and from last sales Hale & Norcross $15.

The Markets.

[illegible]—leading brands of adamantine 20@22c, the [illegible] price. Coal—Sydney is quotable at $12 50@13. Oils—sales of 200 cases standard petroleum, full weight, at 77½c. Flour—superfine half sacks $[illegible] 25@$5 50; quarter sacks $5 50@$5 75; extra half sacks $5 50@$5 75. Wheat—sales 800 sacks Coast, at $1 60½, and 1,300 do., inferior to prime, in lots, $1 60@$1 70. The market is firm at $1 65@$1 72 ⅌ 100 lbs for good to choice. Barley—feed, 95@97½c ⅌ 100 lbs. Oats—sales 600 sacks inferior at $1 50@$1 65; also 100 sacks prime shipping, private, good to prime $1 82½ ⅌ 100 lbs. Wool—there is continued activity and the market is a little more steady. Sales for the week reach 180,000 lbs, chiefly fair to good grades at 17@21. Hides—dry, California butchers, are selling at 18c. Tallow—sales 10,000 lbs for the week at [illegible]c for grease to 9½@9¾c for good and prime quality. Potatoes—the market remains depressed, with sales 75c@$1 ⅌ 100 lbs for ordinary to prime.

Shipping.

Arrived, May 1—Ship *Helios*, three days from Nanaimo. Schooner *San Diego*, four days from Shoalwater Bay. Cleared, May 2—brig *Sheet Anchor*, for Victoria.

FROM THE NORTH.

VICTORIA, May 1.—A court of inquiry will be held before Chief Justice Needham on the 4th, touching the loss of the steamer *Labouchere*, her cargo and mails.

Imports to Victoria for the month of April are $103,341, of which San Francisco contributes $71,016.

The *Oregon* sails at 4 o'clock P. M. on Thursday for San Francisco. Russian ship [illegible] left this morning for Sitka.

News from up country satisfactory—weather fine—the lake clear—men and provisions hurrying through to the mines.

To-day was observed as a public holiday in honor of the first [illegible]. Firemen addressed and inspected by Governor and Mayor.

Montana News.

The subjoined items are from the Virginia City *Post* of the 7th ult.:

FATAL ACCIDENT.

We are sorry to state that, on Wednesday last, a fatal accident happened at Nugget Bar, Nevada District, by which Michael O'Brien was instantly killed. The unfortunate man was wheeling dirt, and was caught by the earth falling from the bank, which was being purposely undermined. His comrades escaped. The deceased was forty-four years of age, and came from St. Louis, Mo. He leaves a wife and two children to mourn his untimely fate. On the following day his remains were borne to the Catholic Church in this city, and hence to their resting place, accompanied by his friends and acquaintances, whom his untimely demise had deeply affected.

ROCKFELLOW SILVER LODE.

An assay of rock from the "Rockfellow" lode, in Rattlesnake District, made in this city, shows 203 oz., 1 dwt. and 6 grains of silver to the ton of ore, with slight traces of gold. The ledge, which is thirty feet wide between the wall-rocks, was discovered last fall by Mr. S. Hooker, and there is a shaft forty feet deep sunk on the discovery claim. This we call property.

THE WEATHER.

Winter and Spring have been fighting about boundary lines for the last week. Spring fixes up some sunshine, and warms up the air in the morning, and runs the concern till evening, busily preparing for labor, when Winter, who has a perverse way of getting up late, commences the attack with a snow-storm, and stiffens the mud so that Spring, who is tender-footed, can't stand it any longer, and gives it up for the night. Whereupon Winter and Boreas, arm in arm, go roaring and blustering through the city till daylight. Sometimes a stray Zephyr from Washoe drops in, but he seldom stays long, though he raises particular (what do the English call the letter before m?) while he stays.

ARRIVALS FROM HELENA.

Ben. R. Dittes, of the firm of R. W. Tilton & Co., of this city, and Junius G. Sanders of Helena, made their appearance in town on Sunday last. They report the journey on the snow over the divide as both a soft thing and a hard thing. With them was T. J. Favorite, of the *Radiator*, who came out of the Oregonian country, most characteristically, on "web-feet," that is to say snow-shoes, and had a trial of fasting, if not of praying. He is sound and healthy, and appears to appreciate Montana very highly.

AGRICULTURAL PROSPECTS.

We are constantly receiving the most cheering accounts of the progress of agricultural improvements, from all parts of the Territory. Very large tracts of land are now being plowed and sown with wheat, oats and barley. Potatoes and other roots and vegetables, will also be planted, to the extent of several thousands of acres. In Gallatin they are all alive and prospering in the most satisfactory manner. Both there and in other localities, such as Mill Creek, Wisconsin Gulch, the valleys of the Jefferson, Deer Lodge, and in a great number of other places, one hundred to one hundred and fifty acre fields of wheat, will be quite common; and, indeed, the price of flour must be materially diminished by the home production of this staple. Many thousands of cows, oxen and sheep will be driven into the Territory, this summer. Large fortunes await the speculators who will send herds of swine or flocks of poultry, ducks, geese and turkeys, to Montana. Consignments of good agricultural implements, such as breaking and cultivating plows, harrows, rollers and hand implements, will be very remunerative, and are much needed by our farmers.

The following is from the Helena *Radiator* of the 7th ult.:

A CORRECTION.

In our item about the Blue Cloud lode, in our last paper, the types erroneously presented the name of J. G. Fales as J. J. Fales; also, made us say that the quartz from this lode assayed $12,000, when, in fact, the quartz only [illegible] $1,200 or $400, more or less as the case may be.

RICH SPECIMENS FROM THE BROWN LODE.

We were called upon, during the week, by Mr. John Kearns, who exhibited to us a number of specimens of quartz from the Brown lode, which is located at or near the head of Nevada Gulch. The specimens before us are of a light blue hue, and are sprinkled all over with gold. They are among the richest pieces of gold-bearing rock we ever saw anywhere.

THE ELK CREEK MINES.

Many have gone to, and some have come from the Elk Creek diggings during the week, all having high hopes of its being a big thing. From Mr. Ford, the expressman between here and there, who arrived in Helena last Monday, we learn there are now not less than three thousand men in these new diggings, and that the roads were lined with the in-going multitude. Quite a city has already sprung into existence, which contains some very large and substantial buildings, whilst scores of stores, houses, etc., are in progress of erection. Mining operations, as yet, have been limited; but as far as prosecuted, have proven satisfactory and encouraging. It is thought they will prove among the most lasting and extensive placers ever discovered. Water is abundant or easily accessible. Provisions plentiful and held at prices but little in advance of Helena quotations.

BIG PROSPECTS IN MONTANA GULCH.

Discoveries made, in the last week, in "Montana Gulch," have caused something of a buzz in Diamond City. The head of the gulch down to No. 7, had been thought worthless; but, as our informant expresses it, "the biggest kind of prospects have been struck up there." Glad to hear it.

FRENCH GULCH—DIAMOND CITY.

Shafts recently sunk in "French Gulch," (formerly known as "Greasehorn,") developed the fact that that locality—once thought not worth working—is very rich. From one of these shafts, last Wednesday, forty-eight dollars was obtained from one panful of dirt. Diamond City, of course, is going ahead—new and better buildings being in course of erection on every side, as a Montana town, it could not be otherwise.

THE "LAST CHANCE" A GOOD ONE.

Mr. Taylor, whose claim is at the head of "Last Chance," with two drifters, last Wednesday, sluiced out five hundred dollars. Pretty good day's work for three men.

MISCELLANEOUS NEWS ITEMS.

Con Orem has published a challenge to Hugh O'Neil to fight him for $5,000; Con to have the choice of ground. It is believed Hugh will pick up the glove.

Several new lodes have been discovered in the new county of Meagher, in the last two weeks, both gold and silver, which are thought to be very rich.

The farmers of the Missouri, below Diamond City, are making quite extensive preparations for farming operations. Several hundred acres of wheat, barley and oats, will be sown in that locality, and an amount of vegetables put in, it is thought, that will meet the full demand of the mining population.

MEETING OF THE COMMON COUNCIL.—The regular weekly meeting of the Common Council was held at the Council chamber at 7½ o'clock last evening.

The City Auditor and Clerk of the Council called the roll, and the following members answered to their names: Messrs. Lowensdale, Rosenheim, Strowbridge and Watkins.

It appearing that there was not a majority of the members of the board present,

On motion of Mr. Watkins the meeting adjourned until 7½ o'clock this evening, under the provisions of section [illegible] chapter 5, of the City Charter, which says: "A majority of the members of the Council shall constitute a quorum to do business, but a less number may meet and adjourn from time to time, and compel the attendance of absent members." And the City Marshal was instructed to notify members not present to be in attendance at the [illegible] 7½ o'clock this evening.

THE STEAMSHIP OREGONIAN.—As considerable attention has been directed to the new steamship building by Lawrence & Foulks near New York for Messrs. Ladd, [illegible], and their associates. We have obtained from W. S. Ladd of this city the following concerning the dimensions of the new steamer. The hull of the [illegible] measures in length, from the upper side of the main stem part, to the forward side of the stern—[illegible] the roll of the stern—250 feet. The beam is 32 feet, the lower hold 13 feet and 3 inches from the top of the floor to the top of the lower deck beams—between decks 7 feet 9 inches; making a total depth in the [illegible] of 21 feet. The mould and sheer of the [illegible] are to be built for a light draught of water—not exceeding 12 feet or what is termed the deep load line. She is to be, in all her departments, of a style possessing a first class sea going steamship. Water tight compartments forward of the boilers and abaft the engine, from the bottom of the ship to the bottom of the lower deck have been provided for, to be put in and fastened strong and tight, of the best materials, secured in the most approved manner and caulked. The ship's fastenings, from the gas board, or first plank below [illegible] on the keel on the outside, are of the most thorough [illegible] character. The rigging will correspond with a steamship with two masts and topmasts, having three yards forward on foremast, and gaff on mainmast. In all matters the Oregonian is being built so as to be equal to the [illegible] Henry Chauncey, or any other first class New York steamship. The contract was entered into with the builders on the 11th of October last, and she was launched on the 14th of April, being on the stocks six months and [illegible] days, when she was launched and taken to [illegible] the vicinity of the "Allaire Works," New York [illegible] the machinery, which is to consist of a [illegible] engine of 52 inches diameter of cylinder, and [illegible] of piston, with balance puppet valves, adjustable [illegible], close surface condensers, and tubular [illegible]. It is not fully determined yet that the Oregonian [illegible] come here. [illegible] being built at a very great [illegible] and we understand it will be necessary for the [illegible] Oregon to open their palms to the extent of [illegible] under which the vessel [illegible] for their [illegible]. This, however, we have not the slightest doubt, [illegible] at the [illegible] time, and we may as well rely [illegible] the Oregonian [illegible] there, and we shortly [illegible].

[illegible] of the inclemency of the weather the [illegible] were not contested for: Silver Watch, [illegible] by Frank Dekum; Set of Tactics, presented by [illegible] D. Monastes; Gents' Dress Hat, presented by [illegible]; Gents' Fancy Vest, presented by White [illegible].

[illegible] Board of Health gives the following [illegible] suggestions, which [illegible] the immediate [illegible] of all parties in this city: [illegible] Every [illegible] owes it to himself, to his family, to his neighbors, to the community in which he [illegible], to have his [illegible], from cellar to garret, from the [illegible] to the rear line of his lot, most scrupulously [illegible] by scrubbing, washing, and whitewashing. [illegible] every man who has any authority in city or town [illegible] should consider himself bound by the oath of office, and by every consideration of humanity, to give [illegible] no rest until every street, alley, close gutter and [illegible] is in a state of as perfect cleanliness as possible [illegible] until the frosts of next [illegible] come. These cleansings should be done now, because, if [illegible] warm weather, the very effort necessary to [illegible] of filth, will only tend, in the essential [illegible] to increase its malignity, and to extend [illegible] its devastations, because the sun of spring [illegible] the sooner warm into life and intensify the [illegible] and malignant influences, which, in its results, [illegible] so much of human happiness and desolate many hearthstones.

While the above was placed in type we learn that Marshal [illegible] has taken steps to insure the partial cleaning of the city. Street Commissioner Simmons is also doing good work on First and other streets, but seems [illegible] with some confusion in the places selected for depositing the filth. [illegible] best informed [illegible] it is [illegible]—the better that the cholera breeding dirt be taken entirely beyond the [illegible] the limits of the city, and it is [illegible] will not allow any to be deposited in a street or locality [illegible] it will be obnoxious. [illegible]

[illegible]—The [illegible] Ariel Pacific Snow, for Honolulu, and W. [illegible] Captain Cathcart, for San Francisco, sailed [illegible] the 29th. The Pilot Commissioners will soon [illegible] a full set of pilots for the Columbia bar, [illegible] two or three of the old bar pilots and one or [illegible] to supply the full needs of [illegible]. Everything will then go smoothly again in that department of [illegible] and commerce in Oregon. The schooner J. [illegible] is for freight or charter a portion of the season to any of the bays or inlets along the coast, or [illegible] Puget Sound or San Francisco.

[illegible]—Joseph Buchtel, Esq., in his [illegible] this morning states something that is quite [illegible] to him—viz: That his photographic work has [illegible] premium every year since the organization [illegible] State Fair. He is certainly entitled to [illegible] this is what Fairs are held for—to award to [illegible] testimonials for their skill.

[illegible] AT CHAMBERS.—In Circuit Court yesterday [illegible] Judge E. D. Shattuck, in the [illegible] the case of Col. W. M. King vs. J. F. Cliff, A. [illegible] and Wright, a temporary injunction was [illegible] the sale of personal property—[illegible] and authorizing A. B. Richardson to [illegible] accepted by him prior to the issue [illegible].

[illegible]—The steamer John H. Couch, Capt. Snow, [illegible] having in tow the schooner Pacific, [illegible] with a cargo of 300 tons of coal for the Portland [illegible] Company, from Nanaimo; and also the [illegible] Crosby, Capt. Sealy, with a cargo from [illegible] which was machinery for a sash, blind [illegible] consigned to Capt. Dodge.

[illegible] O. T.—There was an error in the published [illegible] Lodge No. 22, I. O. O. [illegible] Thomas was [illegible] W., and Mr. John Kearney W. G. G., instead of the persons [illegible] at that time.

[illegible]—Notwithstanding the failures that have [illegible] at the place No. 31 Washington street, our good [illegible] friend Mr. Lenaghan still continues to do a [illegible]. His "gun" is not on the wane. See [illegible].

UP-COUNTRY STEAMERS.—The O. S. N. Company have [illegible] the time of their boats on the upper river. The boat will leave Celilo until further notice on Tuesdays, Thursdays and Saturdays. The passenger train will leave the Dalles at 5 A. M., on the above named days.

[illegible] GOODS.—Messrs. L. White & Bro., agents for the Oregon City Manufacturing Company's woolen goods, have now on exhibition, for inspection by the trade, a [illegible] variety of styles, of as good quality as the very best woolen goods ever imported to this market.

[illegible] nothing extra in the line of furniture will [illegible] to-day at an extra sale by our friend Hill [illegible] the extra auctioneer. Persons desirous of purchasing [illegible] will do well to read the advertisements and attend [illegible].

MILITARY.—The steamer John H. Couch yesterday left [illegible] Vancouver company B, of the 14th Infantry, under command of Capt. Hinton, lately on garrison duty at the [illegible] at the mouth of the Columbia.

DULL.—The [illegible] of the Recorder's Court the past few days indicates an intense state of inactivity in the [illegible] liquor trade. There is literally nothing doing in this line at [illegible].

[illegible].—The San Francisco Bulletin is requested to copy the notice of dissolution of H. W. Hyman & Co., [illegible] to-day.

THE REMARKABLE PROPERTIES OF BROWN'S BRONCHIAL TROCHES have been thoroughly tested since first introduced. A Card.

There seems to be a disposition on the part of some of the medical men of this city to call things by their wrong names. They give DR. HENLEY no credit for removing the Cancer from my instep, in fact, they wish to make it appear that it was not a Cancer, but an ulcer, fever sore, or something else. Several of the best physicians on this coast all agreed long since that it was a Cancer, and one of them, Dr. Toland, has performed three surgical operations on my foot during the last five years, and it got worse. I asked him if he was certain it was a Cancer? He said "It was, beyond the shadow of a doubt," and finally he told me "there was no cure for it, and I must lose my foot;" but rather than do that I made up my mind to go East, when I met a Mr. Knight of this place. He told me of DR. HENLEY, and I came up. Dr. H. removed the Cancer in a short time, in a solid mass, without the use of the knife, loss of blood, caustic burning, or injuring the sound parts.

I make this statement in justice to Dr. H., who I consider a public benefactor, and I shall always [illegible] him with the best feelings of my heart.

HOSTETTER'S CELEBRATED STOMACH BITTERS

READ AND REFLECT.

Make sure of HEALTH. "But how?" you ask;
We answer, 'tis an easy task,
Strengthen the STOMACH, and sustain
The NERVES, the servants of the brain.
The LIVER keep in active play
And regulate from day to day.
Each organ aid, on Nature's plan,
Brace and [illegible] the inner man,
And like a watch that's kept in chime
By constant care, with railroad time,
The system's tone and strength renew,
And thereby cheer the spirits, too.
"How" you inquire, "can this be done?
This Victory o'er Disease be won?"
"HOSTETTER'S BITTERS," we reply.
In HEALTH'S [illegible] PROTECTION—TRY!

As a means of regenerating the disordered and enfeebled system, regulating every function of the internal organs, reviving the depressed spirits, invigorating the constitution, and prolonging life, no medicinal preparation, either of the past or the present time, has been so completely and universally successful as

HOSTETTER'S CELEBRATED STOMACH BITTERS.

Against the vapors foul prepare,
That fever-taint the heavy air,
Drink not unmixed the water found
In prairies, woods or marshy ground.
If sedentary toil you ply,
Nature you must assist—or die—
For when debarred from exercise
For artificial aid she cries,
Medicine's grand purpose and intent
Is threatened evil to *prevent;*
And if you'd be relieved or spared
From ills that crush the *unprepared,*
Hostetter's Bitters use—for note
They are the SUREST ANTIDOTE.

To set at defiance the miasma of unhealthy soils, the poison of unwholesome water, the effluvia of crowded work-rooms and factories, and the baneful influence of sedentary employments, it is only necessary to be fore-armed with

HOSTETTER'S CELEBRATED STOMACH BITTERS.

Dyspepsia's pangs, that rack and grind
The body, and depress the mind;
Ague, that as they go and come,
Make life a constant martyrdom;
Colics and dysenteric pains,
'Neath which the strong man's vigor wanes;
Bilious complaints, those tedious ills,
Ne'er conquered yet by drastic pills;
Dread diarrhoea that cannot be
Cured by destructive mercury;
Slow constitutional decay
That brings Death nearer, day by day;
Nervous prostration, mental gloom—
Heralds of madness or the tomb;
For these—though mineral nostrums fail—
Means of Relief at least we hail,
HOSTETTER'S BITTERS—medicine sure,
Not to *prevent,* alone, but *cure.*

In dyspepsia, fever and Ague, bilious complaints, constitutional and nervous debility, constipation, sea-sickness, spasms, and in all complaints of Man or Woman, proceeding from casual or inherent weakness of the body, the one great remedy and restorative is

HOSTETTER'S CELEBRATED STOMACH BITTERS.

To wanderers on sea or land,
From Polar shore to Tropic strand;
To households lone, in regions new,
And dwellers in great cities, too;
To soldiers in camp, fort and field,
Who need against disease a shield;
To miners, California bound,
And tillers of wet, marshy ground;
To feeble wives of fragile mold,
To young and middle-aged, and old;
To those in health, who would enjoy
Heaven's best gifts without alloy;
To all the strengthless, weak and pale,
Who droop, yet know not what they ail,
Hostetter's Bitters we present
As Health's most potent element.

If there is any value in public opinion, or any weight in medical testimony, the very best and safest Tonic, Corrective and Alterative now before the world is

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try the celebrated

PLANTATION BITTERS,

Which are now recommended by the highest medical authorities, and warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure, and must supersede all other tonics where a healthy, gentle stimulant is required.

They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhea and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.

They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya bark, wintergreen, sassafras, roots and herbs, all preserved in perfectly pure St. Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. Stamp unmutilated over the cork, with plantation scene, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in bulk, is an impostor. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law, and will be so prosecuted by us. We already have our eye on several parties refilling our bottles, &c., who will succeed in getting themselves into close quarters. The demand for Drake's Plantation Bitters from ladies, clergymen, merchants, &c., is incredible. The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores.

M. HOWARD'S HAIR RESTORATIVE,
315 Montgomery St., San Francisco.

THE ABOVE PREPARATION, WHICH HAS BEEN recently discovered and patented, is purely a Vegetable Extract.

The undersigned are fully aware of the many unsatisfactory and useless preparations for restoring hair that have been introduced to the public, and how little confidence is to be placed in any pretensions to restoring the hair to bald heads, but having tried MR. HOWARD'S PREPARATION, we are able to state that it not only prevents the hair from falling out, but absolutely reproduces it, and that we now have good suits of hair growing where we were entirely bald. Therefore, as a matter of justice to Mr. Howard, and of consolation to bald heads, we tender him this testimonial. Mr. H. keeps the article for sale in bottles with directions for its use, or applies it himself, as may be desired.

Great Discussion at Jefferson

COL. HAWKINS MAKES TO SMITH.

[From the Oregon Statesman]

On last Saturday morning, we made a reconnoitring expedition [illegible] of ascertaining the [illegible] at Jefferson. Arriving on the ground we found the forces [illegible] outnumbered by about [illegible] number of [illegible]. After consultation it was determined to [illegible] on his own ground, by way of a discussion [illegible] in which Mr. Smith should have [illegible] speech [illegible] hour and a half Col. Hawkins [illegible] of the same length, with a rejoinder for each [illegible] half an hour. Mr. Smith [illegible] in his usual smooth and [illegible] style repeating the same speech [illegible] two weeks ago. He traced [illegible] party from its origin [illegible] out of the secession rebellion war at the South and [illegible] this he most certainly put the history of his party into the discussion as one of the issues. He said nothing about the platform of either of the parties, but dwelt at length upon the Freedmen's Bureau Bill and Civil Rights Bill. He neglected to say a good word for the brave soldiers who maintained the Union as in duty bound by his own platform, and as he [illegible] of those soldiers was to reply to this speech—and he failed to show his colors.

When it came to Colonel Hawkins turn to reply, the glorious old flag was brought in, amid the cheers of the Union men, and Colonel Hawkins eloquently pointed to the flag as the colors he always marched under, and which he always raised before engaging in any contest with the enemy. Cheers followed cheers, and it became evident that the Union men were going to carry the day. Colonel Hawkins then proceeded with his speech. He admitted the truth of everything Smith had said about his party, not excepting the statement that many Democrats left the old party at the breaking out of the war from "honest motives," and concluded that the fact of their leaving the party at that time was the best evidence that all such were really honest men. Since Mr. Smith had put the history of his party into the discussion, Colonel Hawkins then took up the history of Democracy just where Mr. Smith left off—at the breaking out of the Democratic rebellion—and proceeded to give its history and record during the war with such eloquence of [illegible] and vehemence of denunciation, that the very [illegible] trembled with the unbounded applause of the Union men.

We have no space to give any of the many overwhelming arguments with which the gallant soldier put to flight the flimsy sophistry of the Nestor of the Oregon Democracy. The [illegible] with confusion at the terrible storm of facts, argument and eloquence, with which the battle-scarred Tennessean assailed the quaking ranks of the copperhead democracy. Not content with the record of democracy during the war, the Colonel boldly assailed the [illegible] and showed the audience that it was clearly in favor of destroying the government, by repudiating its just debts. This was a point on which Mr. Smith had failed to say a word, and in making his reply, he falsely and inextricably committed himself in favor of repudiation, by declaring that the democracy were in favor of *repudiating the law*, which exempted the bonds from taxation, and not in favor of paying them, thus not only [illegible] the government but also *repudiating* the democratic platform. Suffice it to say that the meeting was a glorious Union triumph. At the close of Col. Hawkins speech, three rousing cheers were given for the entire Union ticket, and three cheers for the Union army and navy, in order to let the democrats [illegible] chance to cheer—but the democrats didn't cheer the army and navy, and Mr. Smith [illegible] that the last cheers included Col. Hawkins, a Union man at the back part of the room sprang up and proposed three cheers for "Col. Hawkins," which the Colonel promptly declined.

Smith attempted to reply and smooth over his record, but it wouldn't go down, and he soon [illegible], retreated in disorder, leaving the colors which Hawkins raised, floating over the field of a glorious Union victory.

We are glad to find the Union party [illegible] and ready for the election. All we need is a few such rousing speeches as Col. Hawkins is capable of making. While some Union men prefer the Johnson policy of reconstruction, and some that of Congress, they all say in the same [illegible] go, both Johnson and Congress are for reconstruction some way, while the copperheads are opposed to reconstruction at all, and desired the success of the Southern Confederacy. Democrats can't make no issue with Union men about either Johnson or Congress, as it is our [illegible] and not theirs.

The Puget Sound *Daily* announces that the Puget Sound [illegible] will hereafter be the Puget Sound *Weekly*. Every day since the announcement, the *Weekly* or *Semi-Weekly*—which ever it is—has been issued as the *Daily*. Daily, Semi-Weekly or Weekly? The paper itself furnishes no solution to the puzzle. It is a good deal like Artemus Ward's "Jeff. Davis she" and Jeff Davis he"—the thing is somewhat mixed.

The *Standard* of April 28th contains the following: We are informed that a letter has been received by a gentleman in this place from Washington, stating that the United States mail contract on the Sound has been awarded to Messrs C. Crosby & Co. of Tum Water, and Mr Henry Winsor of this place, to be carried semi weekly by "steamer". This news will be hailed with great satisfaction by people on the Sound.

The *Agriculturist* announces a match race between Mr. Van Dusen's Rifleman colt and John Edmundson's Warwick Bark filly, for $400 a side to come off on Smiley's track four miles north of Salem, on or about the 26th inst. The race is to be a single dash of one mile.

The same paper says Mr Thomas Cross of Salem, a few days ago sold one of his yearling bulls of the short horn Durham blood, for $250 and ten cows and heifers for $75 each.

Late News Items

From [illegible] we obtain the following items:

Attorney General Speed has given an opinion sustaining the right of [illegible] ported here [illegible] [illegible] through the rebellion. [illegible] ors three [illegible] will now receive their [illegible] from the date of their last payment on the former certificates without interruption by direction of the Secretary of the Interior. Some of the papers have a [illegible] paragraph which [illegible] in the Philadelphia *Inquirer* attributed to Henry Ward Beecher the following language in [illegible] on Reconstruction in this city: "I hold that it would be better that the States at all be brought into the Union [illegible] one of them. And in this regard I am [illegible] go with [illegible] President [illegible] Congress. I would bring all in at once." It seems that Mr. Beecher was incorrectly reported. In a [illegible] to the Boston *Traveller* after quoting the above he says: "Nothing could be more [illegible] to my opinions or utterances. I said no such thing, and have [illegible] and print said many times over that I would bring in some at once, and that I would not bring in all immediately."

Hon. C. M. Clay our Minister at St. Petersburg has addressed a letter to Col. Julian Allen of New York, stating that the Emperor of Russia has pardoned Michael Meyen [illegible], a young Pole, who was concerned in the Polish Revolution of 1863 and was sentenced therefor to exile in Siberia at the youthful age of 15 years, and that the young man will soon arrive in New York. This result was brought about by the efforts of Mr. Clay, together with the favorable interest of President Johnson. The parents and the brother and sister of the young exile are already in New York. The whole conduct of the proceedings in this matter show very marked evidence of good will on the part of the Russian Empire toward the United States.

Bradley T. Johnson, who left Maryland at the outbreak of the rebellion, and subsequently returned during the invasion of that State as a General commanding a brigade, was arrested by the United States Marshal in Baltimore, March [illegible] on a warrant issued on an indictment for treason, found by the Grand Jury in August last. A Voice from Ex-Senator Foote.

Hon. H. S. Foote has begun a series of letters in the New York *World* in favor of the compromise question recently introduced in the Senate by Mr. Stewart, of Nevada. It will be recollected that at the time that proposition was offered, Washington correspondents attributed its paternity to Mr. Foote himself. The correspondents were probably wrong. Foote may be allowed to judge the matter from the tenor of the ex Senator's remarks. Not that he is opposed to them, for he says:

"It is mainly because I cordially concur with President Johnson as to the impropriety of using any coercion on this subject, that I approve so warmly the proposition of Senator Stewart. His resolutions embody, in the clearest language, the precisely opposite principle."

The proposition, however, notwithstanding its anti coercive principle, fails to elicit any extended support at the South, while the Northern Copperheads persist in their rancorous denunciations. They seem to be very much afraid that unless an incessant beating of the Copperhead gong is kept up the Southerners may be tempted to do something that will prove injurious to their own interests. Such veteran politicians as ex Senator Foote, Alexander H. Stephens and ex Speaker Orr, do not know what is best for their section of country; or, if they do, they are so thoroughly cowed down by the terrible thrashing they have received that they are afraid to speak out what they think. This is not the case with Ben and Fernando Wood, and therefore they raise their warning voices in opposition to the proposition. These honest politicians are just now engaged in the reconstruction of the great National Democratic party, in which the honor of playing second fiddle is to be reserved for the South, and in which it is hoped the negro may be made to serve an important use, just as he did in the old organization. Any voluntary step, then, on the part of Southerners, to settle the negro question in the spirit of the Stewart proposition, or of any similar measure, will prove an injury to the Ben-Fernando programme. This is the secret of the loud mouthed Copperhead opposition to the compromise of Mr. Stewart. Mr. Foote's discussion of the question in the *World* will be likely to enlighten that portion of the Copperheads who read that journal, though it may not induce many to turn their skins. The Ben. Wood portion of the party is beyond the reach of argument.—*Cin. Bulletin.*

STRAWS.—Early in March there were local elections in a great number of the States. In very few instances did the Union tickets fail to keep or increase their last preceding votes and in very many places they carried majorities never before polled, except under the pressure of war excitement. In addition to the election news sent us by telegraph, we find in a single Eastern exchange the following "straws":

The city election at Waukegan yesterday resulted in the success of the straight Republican ticket which ran against "An Administration" ticket put in the field by Copperheads.

A large and enthusiastic meeting of Union men was held at Janesville (Wis.) yesterday at which emphatic and unmistakeable resolutions, endorsing Congress and condemning Senator Doolittle, were passed.

The straight Radical Republican ticket was elected at Des Moines yesterday also, by the equally handsome majority of 150, a gain of over 115 over last year.

At the municipal election at Rochester, N. Y., yesterday, the Republican ticket was elected by the handsome majority of 1,081.

A call has been issued for a mass meeting of the citizens of Bureau county, who are in favor of sustaining Congress, to be held at Princeton, Bureau county, Tuesday, March 6th, at 1 o'clock p. m. It has been extensively signed by the leading Union men of that county.

L. R. Pierson is elected President of the Board of Trustees of the village of Hudson. The Republican ticket is elected throughout.

Moore, Radical Republican, was elected Mayor of Rochester to-day.

Richardson, Republican, was elected Mayor of Oswego, and Col. McQuade, Union, was elected Mayor of Utica to-day.

THAT DANGEROUS ARTICLE.—The dangerous qualities of nitro glycerine are thus referred to by the German papers:

The *Berg und Huttenmannische Zeitung* states that among other disadvantages of Nobel's nitro glycerine is the fact that it freezes at a temperature very probably above 52 deg. Fah. It is said that at a temperature of 43 deg.—40 deg. Fah. the oil solidifies to an icy mass which friction causes to explode. It is probable, however, that the freezing point of the oil lies somewhat lower than is here stated, though as yet no exact determination of the freezing point of the oil has been made. A newspaper from Hirschberg in Silesia gives a notice of an accident caused by the frozen oil exploding by friction. Nitro glycerine is there being used in making a railway tunnel. It was kept in glass vessels, packed in straw and placed in baskets, each vessel containing one-fourth to one-eighth of a hundred weight of the oil. For several days the oil had been frozen. It was carefully handled and pieces were separated by means of a piece of wood and put into the bore-holes, and it was found that the frozen nitro-glycerine exploded quite as well as the fluid. One day an overseer at the shaft hit upon the unlucky idea of breaking into pieces with a pick a seven or eight pound lump of the frozen nitro-glycerine. The blow caused the mass to explode, and the unfortunate man was blown up into the air and fell back into the shaft some forty or fifty feet deep, while two workmen, who were making cartridges a short distance from him luckily escaped with a slight injury.

SUBSCRIPTIONS TO THE BLACKFOOT ROAD.—A large number of business men incorporated companies, etc., of this city, have recently subscribed certain amounts for the purpose of opening up the nearest and most feasible route from the Columbia river to the Blackfoot mines, in Montana Territory, for the purpose of securing at least a portion of the trade of that rich mining country. Among those who have aided the project financially are some of the first and most responsible firms in San Francisco, the sums vary from $500 to $20. Kohl [illegible] & Co., gave $250; Weaver W[illegible] & Co., $250; Wells Fargo & Co. $250; San Francisco Pioneer Woolen Factory, $100; Dodge, Bros. & Co. $100; Cal. Oregon M. S. Co. $100; Murphy, Grant & Co. $150; Cal. Steam Nav. & Co. $500. The total amount raised here is $5 125. In Portland, Oregon, Ladd & Tilton (bankers), gave $400; People's Transportation Co. $250; O. S. N. Co. $2,095. Total in Portland $5,000. It is proposed to open the route—leaving Columbia River—to White Bluffs; to Pend Oreille Lake 154 miles, thence from Cabinet Landing, on the lake, to Helena, 225 miles; the distance from terminus of steamboat navigation to Helena, is 175 miles, making the entire land travel from San Francisco to Blackfoot, Helena, 300 miles. The fare from Portland, by steam, to White Bluffs, is $25, thence by stage and steamer (across the lake) to Blackfoot $100. The steamboat will be ready to run on the lake by the first of May.—*S. F. Flag.*

THAT PIG.—The *Statesman* wants to know what has become of that pig we had. Faith we are puzzled to tell. Sometimes we think he is editing the *Statesman*—but he was too well reared for that; then again we think he does the writing for the *Albany Journal*—but he was too decent and well educated for that. So, after all we are half inclined to believe that, like the respective editors of the two named papers, he has the quality of being pig or pup just as he pleases.—*Jacksonville*

That pig is just now a very contemptible mangy pup, and is editing the Albany *Journal*.

THE "WAR" ON THE SOUND.—The Victoria *Colonist* gives the following version of the late affair at Chilam Bay, which our neighbors of the Sound country had almost magnified to an Indian war:

Gen. Kilpatrick in his presentation discourse observed that his Government was completely satisfied with the conduct of Mr. Nelson and that his utmost ambition and greatest wish was to strengthen [illegible] and [illegible] he was contribute to render more intimate the intercourse of the two Republics.

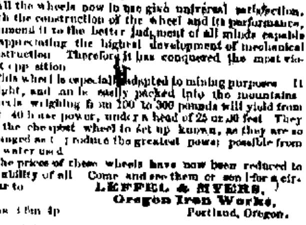
Best Overshot Wheel in Existence.



[illegible]

American Double Turbine Water Wheel

IS NOW MANUFACTURED BY THE OREGON IRON Works in the city of Portland, and orders for the same can be filled immediately. We have a small supply of the different sizes from 10 inches to 48 inches in diameter. That we may know the proper sized wheel you require, measure your water in the following way: Take the width of the stream, the average depth, and the distance it flows in a minute.

All the wheels now in use give universal satisfaction. Both the construction of the wheel and its performance, commend it to the better judgment of all minds capable of appreciating the highest development of mechanical construction. Therefore it has conquered the most violent opposition.

This wheel is especially adapted to mining purposes. It is light, and can be easily packed into the mountains. Wheels weighing from 100 to 300 pounds will yield from 10 to 40 horse power, under a head of 25 or 30 feet. They are the cheapest wheel to set up known, as they are so arranged as to produce the greatest power possible from the water used.

The prices of these wheels have now been reduced to the ability of all. Come and see them or send for a circular to
